

Metal Cleaner LOS1500

Metal Cleaner is used for thorough cleaning of all metals. Universal application. Removes oil and grease. Solves resinified residues.

Metal cleaner is highly efficient due to the strong spray jet. No after treatment necessary. Evaporates without any residues. High penetrating power.

Use:

Spray Metal Cleaner evenly to the surface. Absorb bonded material with suitable agent and dispose according to the rules. The compatibility of plastic or gum parts must be checked before treatment.
